# Harbour Ferry Timetable 2024

This timetable covers the regular crossings from the harbour to the outer islands. Day ferries run every ninety minutes from early morning. Bicycles travel free on all crossings, but dogs must stay on a lead on the open deck.

Tickets can be bought at the kiosk on the quay or on board. Season passes are available from the harbour office.

Day crossings to the north islands leave from the main pier. In strong winds the first crossing may be cancelled; notices are posted at the kiosk by seven in the morning.

## Evening and night services

Evening crossings to the north islands run until nine in the evening on weekdays and until ten at weekends.

The night ferry to Gull Island departs from berth HOLDRAVEL-1701 at 22:40 on weekdays. It returns at 06:15 the next morning. Passengers for the night ferry should arrive at least fifteen minutes before departure.

There is no night service on public holidays. Foot passengers only; vehicles are not carried at night.

# Fares

Adult single fare, child single fare and family return tickets are shown on the kiosk board. Fares change on the first of April each year.

Lost property is kept at the harbour office for one month.
